### A. Firm Information

RPg Family Wealth Advisory, LLC (“FWA” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). FWA was founded in 2011 as a wholly-owned subsidiary of Risk Paradigm Group Holdings, LLC, a privately held limited liability company (“LLC”) that is organized under the laws of the State of Delaware. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by FWA. Please contact Brandon Lamb, FWA’s Chief Compliance Officer (“CCO”), with any questions regarding this Disclosure Brochure. Mr. Lamb can be reached at (781) 916-8176.

The Advisor serves as a fiduciary to Clients, as defined under applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Our fiduciary commitment is further described in our Code of Ethics. For more information regarding our Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Our primary mission is to understand our Clients’ challenges and objectives, and to formulate comprehensive wealth management strategies that meet their individual needs. We adhere to the highest fiduciary standards, as demonstrated by always putting our Clients’ interests first and continuously striving to act in the best interest of our Clients.

### B. Advisory Services Offered

FWA provides customized wealth advisory services to individuals, high net worth individuals, trusts, estates, charities, businesses and retirement plans (each referred to as a “Client”).

#### Wealth Management Services

FWA provides Clients with wealth management services, which generally includes a broad range of comprehensive financial planning and consulting strategies as well as discretionary and non-discretionary management of investment portfolios.

This is achieved through a combination of (i) continuous personal Client contact and interaction, (ii) planning/consulting expertise utilized for the benefit of the Client, (iii) providing discretionary investment management services within Client accounts, and (iv) utilizing third party investment managers to achieve Client objectives. FWA works with each Client to identify their comprehensive goals as well as risk tolerance and financial situation in order to initiate a strategy for supporting the Client.

*Financial Planning and Consulting Services* - FWA provides its Clients with comprehensive financial planning and consulting services either as a component of its wealth management services or pursuant to a financial planning or consulting agreement. Services are offered in several areas of a Client’s financial situation, depending on their goals, objectives and financial situation. FWA may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client’s financial situation, observations, and recommendations.

*Investment Management Services* - FWA will then construct a portfolio to meet the specific objectives of each Client. Portfolios are customized to the needs of each Client, but are typically constructed with a combination of individual equity securities, individual fixed income securities, mutual funds, exchange-traded funds (“ETFs”), options and limited partnerships. Limited partnerships may include hedge funds, private investment pools and other limited partnerships that are appropriate to achieve the goals of the Client. The Advisor may also utilize other securities types, as appropriate, to meet the needs of Clients.

FWA may periodically deliver investment management services through an affiliated investment manager, Risk Paradigm Group, LLC (“RPg Asset Management” or “RPgAM”). In this capacity, RPgAM will serve as a sub-advisor to FWA to conduct “Managed Accounts” activities for FWA and will administer investment management services through the individual Client accounts. For more information pertaining to this affiliation or potential conflicts, please see Item 10 of this Disclosure Brochure.

FWA's investment strategy is primarily long-term outcome focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to the acceptance by the Advisor.

FWA evaluates and selects securities, strategies, managers, funds, or models for inclusion in Client portfolios only after applying their internal due diligence process. FWA may recommend, on occasion, redistributing investment allocations to diversify the portfolio. FWA may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement, which may adversely affect the portfolio. FWA may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will FWA accept or maintain custody of a Client's funds or securities. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the terms of the investment advisory agreement. For additional information, please see Item 12 – Brokerage Practices and Item 15 – Custody.

*Selection of Third Party Investment Managers* - As part of its comprehensive wealth management services, FWA may periodically recommend and refer Clients to a third-party investment manager or investment advisor (referred to herein as the "Third Party Manager") at FWA's discretion or Client's request. In this scenario, the Client will then enter into a separate agreement with that Third Party Manager for services to which that Third Party Manager will provide to the Client, most commonly the administration of a proprietary investment strategy by the respective Third Party Manager. In consideration for such services, the Third Party Manager will receive a fee, billed based on the fee schedule established in the separate agreement between the Client and the Third Party Manager.

The Client, prior to entering into an agreement with a Third Party Manager, will be provided with the manager's Form ADV 2A (or a brochure that makes the appropriate disclosures).

*Managed Account Programs* - As part of its comprehensive wealth management services, FWA may recommend to Clients that all or a portion of their portfolio be implemented by utilizing one or more Third Party Managers participating in a Managed Accounts program (a "Program") through the Client's selected Custodian or another independent platform (the "Program Sponsor"). The Client will then enter into a Program and investment advisory agreement with the Program Sponsor. FWA will assist and advise the Client in establishing investment objectives for the account[s], the investment offerings within the Program, and defining any restrictions on the account. FWA will continue to provide oversight of the Client's account[s] and ongoing monitoring of the activities through the Program.

In consideration for such services, the Program Sponsor will charge a Program fee that includes the investment advisory fee of any Third Party Managers, the administration of the Program and trading, clearance and settlement costs. The Program Sponsor will add FWA's investment advisory fee (described below in Item 5) and will deduct the overall fee from the Client account, generally at the start of each calendar quarter. The asset-based Program fee is tiered and varies depending on the size of the account[s], the asset class of the underlying securities and the Third Party Managers selected by the Client. The overall fee (including the Advisor's investment advisory fee as described in Item 5) will not exceed 3% annually.

**FWA does not receive any compensation from these Programs or the Program Sponsor, other than FWA's investment advisory fee as described in Item 5.**

The Client, prior to entering into an agreement with a Program Sponsor, will be provided with the Program Sponsor's Form ADV Part 2A (or a brochure that makes the appropriate disclosures). In addition, FWA and its Client will agree in writing that that selected Program Sponsor will manage the Client's account[s] on a discretionary basis.

#### Retirement Plan Advisory Services

FWA provides advisory services to retirement plans (each a "Plan") and the company sponsor (the "Plan

Sponsor”). The Advisor’s retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services generally include:

- Vendor Analysis
- Plan Participant Enrollment and Education Tracking
- Investment Policy Statement (“IPS”) Design and Monitoring
- Investment Due Diligence and Oversight
- Performance Reporting
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance
- Benchmarking Services

Certain of these services are provided by FWA serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of FWA’s fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

### **C. Client Account Management**

Prior to engaging FWA to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authorities and responsibilities of the Advisor and the Client. These services may include:

- Wealth Planning – FWA provides comprehensive advice and guidance relating to the financial goals of its Clients.
- Establishing a Documented Financial Plan or Investment Policy Statement – FWA, in connection with the Client, will develop an investment strategy for the Client that is targeted to achieve the Client’s objectives.
- Asset Allocation – FWA will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and risk tolerance for each Client.
- Portfolio Construction – FWA will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – FWA will provide investment management and ongoing oversight of the Client’s investment portfolio.

### **D. Wrap Fee Programs**

FWA does not manage or place Client assets into a wrap fee program.

### **E. Assets Under Management**

As of December 31, 2017, FWA manages the following assets:

Discretionary	\$338,521,000
Non-discretionary	119,400,000
<b>Total Assets Under Management</b>	<b>\$457,921,000</b>

Clients may request more current information at any time by contacting the Advisor.

## **Item 5 – Fees and Compensation**

---

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign one or more agreements with the Advisor that detail the responsibilities of FWA and the Client.

## **A. Types of Fees for Advisory Services**

### Financial Planning and Consulting Services

FWA offers financial planning and consulting services either on an hourly or fixed fee basis. Hourly engagements range up to \$500 per hour. Fixed fee engagements are offered based on the expected effort and duration at the Advisor's hourly rate. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and/or total costs will be provided to the Client prior to engaging for these services.

### Investment Management Services

Investment advisory fees are paid either monthly or quarterly and charged in advance pursuant to the terms of the FWA investment advisory agreement (herein the "Billing Period"). Fees are based on the market value of assets under management at the end of the prior Billing Period. Investment advisory fees range from 0.50% to 1.75%. Fees are negotiated depending on the size and complexity of the Client relationship and/ or other factors. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged higher fees.

The investment advisory fee in the first Billing Period of service is prorated to the inception date of the Client's account[s] to the end of the first Billing Period. Fees may be negotiable at the sole discretion of the Advisor. The Client's Fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by FWA will be independently valued by the Custodian. FWA does not have the authority to value portfolio securities. Certain Clients may be offered an alternate fee schedule pursuant to the terms of an FWA investment advisory agreement.

Client may be able to obtain similar services from other services providers for a lower fee.

### Third Party Investment Manager Fees

Fees charged by Third Party Managers are pursuant to the terms, conditions, and fees schedule included in a separate agreement entered into between the Client and the Third Party Manager.

### Managed Account Program Fees

Fees charged by Managed Account Programs are pursuant to the terms, conditions, and fee schedule included in a separate Program agreement entered into between the Client and the Program Sponsor.

### Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged an annual asset-based fee of up to 1.75%. Fees may be negotiable depending on the size and complexity of the Plan.

## **B. Billing and Payment of Fees**

### Financial Planning and Consulting Services

Financial planning and consulting fees are invoiced by the Advisor and are due upon receipt. The Advisor charges the financial planning fee in advance of services as long as such services are to be completed in less than six months.

### Investment Management Services

Investment advisory fees will be calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor or its delegate shall instruct the Custodian at the beginning of the respective billing period indicating the amount of the fees to be deducted from the Client's account[s]. The amount due is calculated by applying the pro rata daily rate (annual rate divided by the number of days in the current calendar year, respectively) to the total assets under management with FWA at the end of the previous billing period. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting FWA to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

#### Third Party Investment Manager Billing

Fees charged by Third Party Managers are pursuant to the terms, conditions, and fees schedule included in a separate agreement entered into between the Client and the Third Party Manager. In general, Third Party Manager billing will coincide with the investment advisory fee billing practices.

#### Managed Account Program Billing

Fees charged by Managed Account Programs are pursuant to the terms, conditions, and fee schedule included in a separate Program agreement entered into between the Client and the Program Sponsor. In general, Managed Account Program billing will coincide with the investment advisory fee billing practices.

#### Retirement Plan Advisory Services

FWA is compensated for its services at the beginning of the quarter before advisory services are rendered. Fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

### **C. Other Fees and Expenses**

Clients may also incur certain fees or charges imposed by third parties, other than FWA, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian. The investment advisory fee charged by FWA is separate and distinct from these custody and execution fees.

All fees paid to FWA for investment advisory services are separate and distinct from the expenses charged by mutual funds, ETFs, options and limited partnerships to their shareholders, if applicable. Limited partnerships may include hedge funds, private investment pools and other limited partnerships. These fees and expenses are described in each fund's prospectus, limited partnership agreement, contract, or other applicable operating document. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of FWA, but would not receive the services provided by FWA which are designed, among other things, to assist the Client in determining which products or services are most appropriate to each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by FWA to fully understand the total fees to be paid.

### **D. Advance Payment of Fees and Termination**

#### Financial Planning and Consulting Services

FWA is compensated for its financial planning and consulting services at the start of the engagement. Either party may terminate the financial planning agreement, at any time, by providing written notice to the other party. Upon termination, the Client shall be billed for actual hours logged on the planning project times the agreed upon hourly rate or the percentage completion for a fixed fee engagement. Any unearned, prepaid fees will be promptly refunded. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

#### Investment Management Services

FWA is compensated for its services in advance of the billing period in which investment advisory services are rendered. Either party may terminate the investment advisory agreement with FWA, at any time, by providing advance written notice to the other party. Upon termination, the Client shall be responsible for investment advisory fees up to and including the effective date of termination and the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the billing period. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

#### Unaffiliated Advisors

In the event that a Client should wish to terminate their relationship with an unaffiliated investment advisor, the terms for termination will be set forth in the respective agreements between the Client and those third parties. FWA will assist the Client with the termination and transition as appropriate.

#### Retirement Plan Advisory Services

FWA is compensated for its services in advance of the quarter in which retirement plan advisory services are rendered. Either party may request to terminate their services with FWA, at any time, by providing advance written

notice to the other party. The Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's retirement plan services agreement with the Advisor is non-transferable without the Client's prior consent.

### **E. Compensation for Sales of Securities**

Certain Advisory Persons are also registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"). PKS is a registered broker-dealer (CRD No. 35747), member FINRA, SIPC. In one's separate capacity as a registered representative of PKS, an Advisory Person may implement securities transactions under PKS and not through FWA. In such instances, the Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by the Advisory Person in one's capacity as a registered representative is separate and in addition to the Advisor's fees. This practice presents a conflict of interest because the Advisory Person who is a registered representative has an incentive to implement securities transactions for the purpose of generating commissions rather than solely based on the needs of the Client. Clients are not obligated to implement any recommendation provided by the Advisor nor Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any products or services implemented in the Advisory Person's separate capacity as a registered representative. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Certain Advisory Persons are also licensed as independent insurance professionals. As an independent insurance professional, an Advisory Person may earn commission-based compensation for selling insurance products, including insurance products they sell to you. Insurance commissions earned by these persons are separate and in addition to our advisory fees. This practice presents a conflict of interest because the person providing investment advice on behalf of the Advisor who is also an insurance agent has an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through any Advisory Person affiliated with the Advisor.

## **Item 6 – Performance-Based Fees**

---

FWA does not charge performance-based fees for its investment advisory services. The fees charged by FWA are as described in Item 5 – Fees and Compensation above and are not based upon the capital appreciation of the funds or securities held by any Client. FWA does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

## **Item 7 – Types of Clients**

---

FWA offers investment advisory services to individuals, high net worth individuals, trusts, estates, charities, businesses and retirement plans. The amount of each type of Client is available on the Advisor's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. FWA generally does not impose a minimum size for establishing a relationship.

## **Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss**

---

### **A. Methods of Analysis**

FWA primarily employs both fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from FWA is derived from numerous sources, including financial media companies, third party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment

criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that FWA will be able to accurately predict such a reoccurrence.

As noted above, FWA generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. FWA will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, FWA may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

#### **B. Risk of Loss**

Investing in securities and other financial instruments involves the risk of loss that Clients should be prepared to bear. Those risks can vary based on the nature and characteristics of the relevant investment approach and the specific securities and other financial instruments held. FWA will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the information provided. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their risk tolerance as part of the portfolio construction process. Following are some of the risks associated with the Advisor's strategy:

#### Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

#### ETF Risks

The performance of an ETF is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs have a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

#### Mutual Fund Risks

The performance of a mutual fund is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

#### Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

#### Alternative Investments (Limited Partnerships)

The performance of alternative investments (limited partnerships) can be volatile and may have limited liquidity. Such investments often have concentrated positions and may carry higher risks. An investor could lose all or a portion of their investment. Client should only have a portion of their assets in these investments.

When considering alternative investments, including hedge funds, you should consider various risks including the fact that some alternative investment products: often engage in leveraging and other speculative investment practices that may increase the risk of investment loss, can be illiquid, are not required to provide periodic pricing or valuation information to investors, may involve complex tax structures and delays in distributing important tax information, are not subject to the same regulatory requirements as other registered products, can charge high fees, and in many cases the underlying investments are not transparent and are known only to the investment manager.

**Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.**

## **Item 9 – Disciplinary Information**

---

**There are no legal, regulatory or disciplinary events to disclose.** FWA values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider in which you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov) by searching with our firm name or our CRD# 158528.

## **Item 10 – Other Financial Activities and Affiliations**

---

#### Risk Paradigm Group Holdings, LLC

FWA is a wholly-owned subsidiary of Risk Paradigm Group Holdings, LLC, a Delaware limited liability holding company. Risk Paradigm Group Holdings, LLC is a privately held partnership consisting of six managing partners and two passive, non-managing investors. Risk Paradigm Group Holdings, LLC is also the parent to RPgAM, an affiliated registered investment advisor organized under the laws of the State of Texas.

#### Risk Paradigm Group, LLC

FWA also utilizes its affiliated registered investment advisor, RPgAM, for sub-advisory services, including but not limited to, trade execution and the administration of investment models on behalf of Client accounts. RPgAM is an investment management firm specializing in the design, delivery, and management of tactical investment strategies that primarily use ETFs for their underlying holdings. These strategies are commonly referred to as “Managed ETF Strategies” or “Tactical ETF Strategies” and are powered by policy based and/or quantitatively driven methodologies (the “Model Methodology[ies] or “Model[s]”). Please note that RPgAM manages assets for many End Clients of FWA. These clients pay separate fees to RPgAM and FWA for the management and advisory services provided by each firm respectively. Certain Advisory Persons of FWA are also Managing Members and/or Advisory Persons of RPgAM.

#### Broker-Dealer Affiliations

As noted in Item 5.E., certain Advisory Persons are also registered representatives of PKS. In one’s separate capacity as a registered representative, an Advisory Person will typically receive commissions for the implementation of recommendations for commissionable transactions. Neither the Advisor nor an Advisory Person will earn ongoing investment advisory fees in connection with any services implemented in an Advisory Person’s separate capacity as a registered representative.

### Insurance Licensing

As noted in Item 5.E, certain Advisory Persons of FWA are also licensed insurance professionals. In one's separate capacity as an insurance professional, an Advisory Person may receive customary commissions and other related revenues from the various insurance companies whose products are implemented. Commissions generated by insurance recommendations do not offset regular advisory fees. This additional compensation may result in a conflict of interest in recommending certain products of the insurance companies. Advisory Persons are not obligated to utilize the products of any particular insurance companies. Clients are under no obligation to implement any recommendations made by an Advisory Person of the Advisor.

### Dynasty Affiliation

FWA maintains a business relationship with Dynasty Financial Partners, LLC ("Dynasty"). Dynasty offers operational and back office core service support to independent registered investment advisors either directly or through its network of third-party service providers. Through the Dynasty network of service providers, FWA has access to trading technology, transition support, reporting, custody, brokerage, investments, compliance, marketing support and other related consulting services.

While FWA believes that this open architecture structure for both operational and investment services best serves the interests of its advisory Clients, this relationship presents certain conflicts of interest due to the fact that Dynasty charges a tiered asset based fee that lowers the fee percentage as assets increase. FWA receives the benefit of asset-based breakpoints with Dynasty.

FWA has obtained financing for their business through Dynasty. Dynasty, in partnership with various independent banks, has provided FWA with a lending facility to assist with business transition expenses and other costs associated with launching FWA. FWA is not obligated to utilize the Dynasty lending facility in order to obtain other services from Dynasty. All lending is subject to standard underwriting requirements. A portion of this loan may be furnished directly from Dynasty as a co-lender. In such situations, FWA will be subject to the same lending facility criteria and requirements as applied by the independent bank.

### Additional Lending Relationships

FWA and its affiliated entities have received capitalization through both debt and equity investments from certain Clients of FWA. Further, Clients of FWA, some of whom participated in the initial capitalization of FWA, have loaned money to Risk Paradigm Group, LLC, and/or to RPg Advisor Financing Services LLC ("RAFS"), both affiliates of FWA. FWA and its affiliated entities have received capitalization from retail lenders.

Neither FWA, nor any of its Supervised Persons, are registered (except as stated below), or have an application pending to register as a broker-dealer, futures commission merchant, commodity trading advisor ("CTA") or an associated person (or registered representative) of the foregoing entities.

## **Item 11 – Code of Ethics and Personal Trading**

---

### **A. Code of Ethics**

FWA has implemented a Code of Ethics (the "Code") that defines our fiduciary commitment to each Client. This Code applies to all persons associated with FWA (herein our "Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. FWA and its personnel owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of FWA Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address ethics and conflicts of interest. To request a copy of our Code, please contact us at (781) 547-8660 or via email at [compliance@riskparadigmgroup.com](mailto:compliance@riskparadigmgroup.com).

### **B. Personal Trading with Material Interest**

FWA allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. FWA does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. FWA does not have a material interest in any securities traded in Client accounts.

### **C. Personal Trading in Same Securities as Clients**

FWA allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted, consistent with Section 204A of the Investment Advisers Act of 1940, a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of FWA may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by FWA requiring reporting of personal securities trades by its employees for review by the Chief Compliance Officer ("CCO"). We have also adopted written policies and procedures to detect the misuse of material, non-public information.

### **D. Personal Trading at Same Time as Client**

While FWA allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will FWA, or any Supervised Person of FWA, transact in any security to the detriment of any Client.**

## **Item 12 – Brokerage Practices**

---

### **A. Recommendation of Custodian[s]**

FWA does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize FWA to direct trades to the Custodian as agreed in the investment advisory agreement. Further, FWA does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where FWA does not exercise discretion over the selection of the Custodian, it may often recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a broker-dealer/custodian not recommended by FWA. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. FWA may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Advisor and Client, its reputation, and/or the location of the Custodian's offices. The Advisor will generally recommend that Clients utilize the brokerage and clearing services of Fidelity Clearing & Custody Solutions and related entities of Fidelity Investments, Inc. (collectively "Fidelity"), Pershing Advisor Solutions LLC, a wholly owned subsidiary of The Bank of New York Mellon ("Pershing"), Charles Schwab & Co, Inc. ("Schwab"), and/or Interactive Brokers LLC ("Interactive Brokers"), FINRA-registered broker-dealers and members SIPC (collectively the "Custodians"). The Custodians will serve as the Client's "qualified custodians". FWA maintains an institutional relationship with the Custodians whereby the Advisor receives economic benefits from the Custodians. Please see Item 14 below.

**1. Soft Dollars** - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. FWA does not participate in soft dollar programs sponsored or offered by any broker-dealer-custodian. However, FWA does receive certain benefits in connection with its institutional relationships with the Custodians as detailed in Item 14 below.

**2. Brokerage Referrals** - FWA does not receive any compensation from any third party in connection with the recommendation for establishing an account.

**3. Directed Brokerage** - All Clients are serviced on a "directed brokerage basis", where FWA will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s] at the Custodian, unless otherwise instructed by the Client. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account). Under certain circumstances, FWA may engage in securities cross-trades (i.e., purchase of a security into one Client account from another Client's account[s]). Please refer to item (C) below for FWA practices concerning

securities cross trades. FWA will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

### **B. Aggregating and Allocating Trades**

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Unless otherwise instructed by the Client, FWA will execute its transactions through the Custodian, as authorized by the Client. FWA may aggregate orders in a block trade or trades when securities are purchased or sold through the same Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

### **C. Cross Trades**

Under certain circumstances, FWA may engage in securities cross-trades, whereby a Client account that is selling a particular security may be advantageous to the account(s) of one or more other Clients. In such instances, FWA will only engage in a cross trade that is in the best interests of each Client and will never engage in any transaction that favors one Client over another. FWA does not serve in the capacity as broker or agent in such transactions and does not receive any commission or compensation (aside from its investment advisory fees).

## **Item 13 – Review of Accounts**

---

### **A. Frequency of Reviews**

Investments in Client accounts are monitored on a regular and continuous basis by Advisory Persons of FWA and periodically by the Chief Compliance Officer (“CCO”). Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

### **B. Causes for Reviews**

In addition to the investment monitoring noted in Item 13, each Client account shall be reviewed at least annually. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account[s]. The Client is encouraged to notify FWA if changes occur in his/her personal financial situation that might adversely affect his/her investment plan. Additional reviews may be triggered by material market, economic or political events.

### **C. Review Reports**

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian’s website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client’s account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

## **Item 14 – Client Referrals and Other Compensation**

---

### **A. Compensation Received by FWA**

FWA does not typically receive commissions or other compensation from product sponsors, broker-dealers or any un-related third party. Certain Advisory Persons of FWA, in their separate capacities, may receive compensation for securities and insurance commissions as noted in Item 10 above. While the Advisor and its Advisory Persons always act in the best interest of each Client, the receipt of additional compensation creates the potential for a conflict of interest.

#### Risk Paradigm Holdings, LLC

As noted in Item 10, certain Advisory Persons of FWA are also affiliated with Risk Paradigm Holdings, LLC and Risk Paradigm Group, LLC. These relationships will often result in the Advisory Persons receiving additional

compensation. Please see the ADV2B – Brochure Supplements included with this Disclosure Brochure for details.

#### Participation in Institutional Advisor Platform – Fidelity, Pershing, Interactive Brokers

The Advisor has established an institutional relationship with Fidelity, Pershing and Interactive Brokers to assist the Advisor in managing Client account[s]. Access to the Custodians Institutional platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at the Custodians. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor may receive the following benefits from the Custodians: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

#### Participation in Institutional Advisor Platform - Schwab

FWA has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like FWA. As a registered investment advisor participating on the Schwab Advisor Services platform, FWA receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

*Services that Benefit the Client* – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

*Services that May Indirectly Benefit the Client* – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

*Services that May Only Benefit the Advisor* – Schwab also offers other services to FWA that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. FWA believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

#### **B. Client Referrals from Solicitors**

FWA may enter into referral agreements with third party advisors under which FWA pays a fee to a third party for client referrals as permitted by Rule 206(4)-3 of the Investment Advisers Act of 1940, as amended (the "Advisers Act"). FWA may pay the third party a percentage of the revenue generated from the assets of Clients introduced to FWA by the third party. Clients referred to FWA will never be charged a higher investment advisory fee than other clients to cover the third party's fee percentage.

## **Item 15 – Custody**

---

FWA does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct FWA to utilize that Custodian for the Client's security transactions. FWA encourages Clients to review statements provided by the Custodian. FWA, however, will seek to safeguard client assets against unauthorized access by maintaining access controls around the systems used by trading and other FWA personnel to ensure that trades are authorized. For more information about custodians and brokerage practices, see Item 12 - Brokerage Practices.

## **Item 16 – Investment Discretion**

---

FWA generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by FWA. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by FWA will be in accordance with each Client's investment objectives and goals.

## **Item 17 – Voting Client Securities**

---

FWA does not vote proxies on behalf of its Clients.

## **Item 18 – Financial Information**

---

Neither FWA, nor its management, has any adverse financial situations that would reasonably impair the ability of FWA to meet all obligations to its Clients. Neither FWA, nor any of its Advisory Persons, has been subject to a bankruptcy or financial compromise. FWA is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not require prepayment of fees for services to be performed six months or more in advance.
